

Celebrating Life

Do you want to take time to heartfully celebrate a special milestone or connection in your life: a wedding, birth, life anniversary, company achievement, reunion or any other moment that deserves special attention?

Then this is a place that can make the magic happen. The spirit of our century-old château and the 30 hectares of nature which surround it, support growth & transformation. Together with Nori, our long-term caterer & the Celebrating Life Magicians of your choice, you can personalise your Life Celebration to turn it into a moment never to forget.

XL Celebration

from mid-April to mid-November

For a whole weekend our domain will be yours.

Apart from the Houtschuur, which serves as party venue, a ceremony hall, two smaller venues, the entire château and a number of outdoor areas are at your disposal.

Also included in this formula are 30 wonderfully comfortable rooms.

The XL Celebration will give you and your guests ample time and space to celebrate your important moment.

XS Celebration

from mid-October to mid-April

With this formula you hire the Houtschuur and its adjoining terrace + party tent, as well as a fully-equipped kitchen. Perfect for peaceful baby showers, family feasts or retirement parties etc.

We have several arrangements you can choose from: evening hire on Friday/Saturday, or afternoon hire on Saturday/Sunday. Do you want to stay the night after the celebration? No problem, provided we have rooms available and you book at least 6 rooms.

Planting 'Seeds for Centuries'

The Heerlijckyt owes its magic as a transformational location in part to the natural environment which has surrounded it for many centuries. That's why we keep investing in the maintenance and renewal of our park and estate. We invest now for the centuries to come ...

As a Celebrating Life organiser, you can also choose to make a donation to our domain with 'Seeds for Centuries', so that the newly planted trees may witness not only your life's happiness, but that of many generations to come. A gesture which becomes even more meaningful if you involve your guests. With a tree birth list you can ask your guests to make a donation to our Foundation 'The Village & the Common Fields of Grace'. And so environmental awareness will spread with each new guest...
